Chairman's message

Dear Stakeholder,

Profit Before Tax (PBT) for the quarter, and nine months, ended 31 December 2008, was at Rs. 918 million and Rs. 3.9 billion respectively, being 46 per cent and 4 per cent below the PBT of Rs. 1.7 billion and Rs. 4.1 billion in the corresponding periods of the previous year.

The profits attributable to Equity Holders for the quarter, and nine months, ended 31 December 2008 of Rs. 765 million and Rs. 2.6 billion respectively, were decreases of 44 per cent and 19 per cent over the corresponding periods in the previous year. The decrease in group performance is mainly due to the one-off charges in additional taxes and write offs arising out of Lanka Marine Services (LMS) and a decrease in profitability of LMS relative to the previous year, as a result of adopting a different mode of operations.

Despite the revenue of Rs. 9.3 billion in the third quarter being 16 percent lower than the Rs. 11.1 billion reported in the corresponding period in the previous year, the revenue of Rs. 31.1 billion for the first nine months of Financial Year 2008/09, was 7 per cent above the Rs. 29.2 billion recorded in the corresponding period in the previous year.

At a Company level, the net profits for the quarter, and nine months, ended 31 December 2008 were Rs. 1.1 billion and Rs. 4.0 billion respectively, these being increases of 34 per cent compared to Rs. 813 million and 132 per cent compared to Rs. 1.7 billion respectively, over the corresponding periods in the previous year.

Transportation sector saw a decline in profits due to the global economic conditions that affected the freight forwarding and logistics industry as a whole. In addition, the judgement on LMS by the Supreme Court, as referred to previously, has resulted in a one off charge of Rs. 904 million to date and increased costs due to the change in the operating format. This format, which combines floating and land based storage operations are still in a nascent stage and is the subject of regular fine tuning as LMS seeks to establish optimum operating efficiencies. We are confident that performance and the profitability of this new format will improve as we go forward. The PBT recorded for the sector was 346 million for the quarter, a 53 per cent decrease compared to the Rs. 729 million for the corresponding period last year. For the nine months ended 31 December 2008, the PBT was Rs. 1.8 billion, a 24 per cent decrease compared to the Rs. 2.4 billion for the same period last year.

Leisure recorded a PBT of Rs. 122 million, a 39% gain for the third quarter compared to the corresponding period last year. Profit growth was mainly from the Maldivian segment, with full operations of Dhonveli and Ellaidhoo which were closed for refurbishment last year. Overall, the loss for the nine months was Rs. 459 million compared to a loss of Rs. 330 million in the corresponding period last year. The Sri Lankan resorts and city hotels were impacted by high inflation and increased utility costs. The reopening of Cinnamon Island, Alidhoo post construction of a breakwater in November 2008 should improve the performance of the Leisure Group in this quarter.

Property recorded a third quarter PBT of Rs. 88 million, which was 57 per cent lower than the PBT of Rs. 207 million recorded in the same period last year, due to the delay in the recognition of revenues arising mainly out of a delay in receiving the final tranches against the backdrop of the prevailing macro economic environment. PBT for the nine months ended 31 December 2008, is 4 per cent lower than the same period last year. The construction of the Emperor continues despite many obstacles due to road closures and the stringent security restrictions for the area.

Consumer Foods and Retail, recorded a PBT of Rs. 99.8 million for the third quarter, a 14 per cent decrease over the Rs. 117 million recorded in the corresponding period in the previous year. The PBT for the nine months ended 31 December 2008 at Rs. 174 million was 28 percent lower than the Rs. 242 million recorded in the same period in 2007/2008. The results include initial set up costs of our subsidiary in India, which has expanded its marketing and sales activities for processed meats into five States during the period under review. Ceylon Cold Stores has continued to improve its performance over the past nine months on the back of higher sales revenue. The Keells Super chain is continuing to expand, with the total number of outlets established as at end of the quarter increasing to 40 and a further 6 outlets identified for completion before the end of the financial year. Although the modern trade industry has experienced a decline in basket values due to high inflation, the shift in consumer trends towards the supermarket experience continues to grow.

Chairman's message

Financial Services recorded a PBT of Rs. 136 million for the quarter, which was 11 per cent higher when compared to Rs. 123 million for the corresponding period in the previous year. Though the declining global market conditions and local sentiment have adversely effected the performance of the stock broking arm of the group in the past nine months, strong performance by the Nations Trust Bank and Union Assurance PLC resulted in the financial services sector recording a PBT of Rs. 409 million for the nine months ended 31 December 2008 which is 8 per cent higher than the Rs. 377 million recorded in the same period last year.

Information Technology recorded a loss of Rs. 27 million for the third quarter compared with the profit of Rs. 6 million in the same period last year. For the nine month period, the loss was Rs. 45 million compared to the profit of Rs. 1.2 million recorded in the same period in 2007/2008. The BPO business is making steady progress in its business expansion efforts.

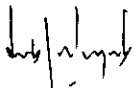

Others, comprising Plantation Services, Strategic Investments and Corporate Centre recorded a PBT of Rs. 154 million for the third quarter, a 66 per cent decrease from the corresponding period in the previous year, mainly as a result of a substantial drop in tea prices which impacted the Plantations Services sector and lower interest income at the holding company. However, for the nine months ended December 31, 2008 the PBT recorded was Rs. 1.7 billion, a 62 per cent increase above the Rs. 1.0 billion recorded in the previous year.

The company completed its share repurchase of a total of 25,499,999 shares amounting to Rs.2.295 billion in December 2008.

We recognise the challenges and the opportunities we face in the current global economic environment and are confident that the measures we have taken in the past two years in developing operating models which are easily adaptable to the dynamism and volatility of our operating environment are proving to be effective in dealing with the current recessionary trends. We will continue to be proactive in this regard and will take measures to cautiously pursue opportunities that will strengthen and supplement our existing portfolio whilst reviewing our strategies to grow organically. We will be relentless in optimising our operating costs and in further improving our processes.

As I had mentioned sometime ago, the one thing constant at John Keells has been "change". The environment that confronts us is one that demands a different approach to business and our experience in handling change will undoubtedly prove to be beneficial in this instance.

We remain positive and are confident of overcoming the challenges ahead of us.

14. Further to the disclosure made in the interim report for the six months ended 30 September 2008 and the subsequent announcements made on Lanka Marine Services (Private) Limited (LMS), the latest operating and financial updates are given below;

(i) Operating update

Arising from a Fundamental Rights application SC FR No. 539/8 filed by some former employees of LMS on 26 November 2008, the Supreme Court directed that the Commissioner General of Labour makes order that the sum of Rs. 153mn, previously deposited, be paid to such employees. Accordingly, Rs. 153mn was provided for in the books of LMS in December 2008 and this amount was paid out in January 2009.

Notes to the financial statements

(ii) Financial impacts

Charges to the income statement

A sum of Rs. 153mn was charged to the income statement as indicated above and an amount of Rs. 26mn has been provided for as stock losses during the quarter in relation to oil stocks that remained in the pipelines located outside the premises.

Accordingly, a total of Rs. 904mn has been charged to date to the consolidated income statement, consisting of Rs. 186mn relating to additional customs duty, asset impairment / write off and other costs associated with the vacating of the LMS premises; Rs. 46mn relating to stock losses; Rs. 519mn relating to additional taxes and Rs. 153mn relating to payment to employees.

Contingent liabilities

As reported in the financials for the six months ended 30 September 2008 the contingent liability amounts to Rs. 1,308mn.

(iii) Other events

Tax assessments for LMS relating to the years of assessment 2002/03, 2003/04 and 2004/05 received in January 2009

In January 2009, LMS received assessments for the above years. It had been the view of LMS, based on expert legal and tax advice, that the subject years were statutorily time barred under Sec. 134 (5) (a) of the Inland Revenue Act. Although the assessments amount to Rs. 533mn and penalties of Rs. 215mn, it is LMS' view, based on expert advice, that in any event, the liability will not exceed Rs. 150mn. It is also opined that penalties will not apply.

Appeals have been submitted against the assessments in terms of the provisions in the Inland Revenue Act. Once clarity is achieved, we will quantify the amounts immediately chargeable and the amounts that need to be added to contingent liabilities.

Accounting treatment of land

We await the ruling of the Urgent Issues Task Force (UITF) of the Institute of Chartered Accountants of Sri Lanka for confirmation of the accounting treatment.

- 15 The Fundamental Rights application SC FR 1/2008, where the Petitioner sought to, inter alia, cancel, annul and make void the BOI approval granted to LMS and cause recovery and collection of all taxes and customs duties and other related charges, was withdrawn by the Petitioner on 27 November 2008 on the basis that the substantive relief sought by the Petitioner, in this application, had already been granted by judgement in the SC FR 209/2007 delivered on 21 July 2008.
- 16 There has been no significant change in the nature of the contingent liabilities, which were disclosed in the annual report for the year ended 31 March 2008, other than those disclosed in note 14.
- 17 There have been no other events subsequent to the balance sheet date, which require disclosure in the interim financial statements.
- 18 All values included in these financial statements are in Rs. '000s unless otherwise stated.
